OFFICE OF THE SECRETARY TO THE GOVERNOR OF MADRAS.

PRINCE OF WALES'S ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

Dated, Government House, Madras, the 3rd March 1939.

No. 1.—

(1) In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates:—

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of those services their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India,

(b) Indian States.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 1st August, 1939.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees of students are Rs. 1,500 for each school year. This is a privileged rate and is liable to enhancement hereafter, if circumstances require. Any enhancement of fees that may hereafter be decided upon will, however, be applied to new entrants only. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind and, as initial provision, one suit of the uniform to be worn by students

when at the college. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the college) over and above the Government grant for this purpose will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the college authorities, on his entering the college, the sum of Rs. 50 which will be returned when the cadet finally leaves the college provided that all dues have been paid.

Should it be necessary for cadets to be admitted into a hospital (other than the college hospital), or to provide additional nursing sisters for the treatment of cadets in the college hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration (on this point final decision will rest with the Government of India). In cases where notice of withdrawal is given in the first half of the term preceding the term from which the cadet is to be withdrawn, the recovery of a full term's fees in lieu may be waived at the discretion of the Government of India.

(6) Remission of fees will be granted in August each year to the sons of Indian Officers or men who have served in the regular army, where the services and financial circumstances of the father warrant it. Such remissions are limited to Rs. 500 per annum to any one cadet and are granted for a year at a time, after which they are reviewed.

(7) Parents or guardians of candidates for admission to the College, at the time of the submission of the applications, will furnish signed declarations (in duplicate) in the following form:—

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, declare that it is my desire that my son / ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I further declare that I have made myself acquainted with the fees payable at the Prince of Wales's Royal Indian Military College, and subsequently, at the Indian Military Academy, Dehra Dun (viz., Rs. 3,850 for a course of 2½ years), and at the Royal Air Force College, Cranwell (viz., £288-3 for a course of 2 years), and expenditure to be incurred in connexion with the training of cadets for appointment as commissioned officers of the Royal Indian Navy (viz., £250 in the case of the Executive Branch and £475 for the Engineer Branch), and that I am able and willing to pay the prescribed fees and meet the expenditure in the case of the Royal Indian Navy, as also the incidental expenses.

I declare also that—

(a) if my son / ward withdraws from the Prince of Wales's Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

or

(b) if, having been declared successful at one of the examinations mentioned at (a) above, does not proceed to one of the institutions with the intention of adopting the Indian Army, Indian Air Force or Royal Indian Navy as his profession, *for reasons* within his control or using for which points final decision will rest with the Government of India), I shall be required to pay the full cost (Rs. 2,700 per annum) which Government may have incurred on his education at the Prince of Wales's Royal Indian Military College.

I declare also that my son / ward is unmarried and that he will remain a bachelor whilst at the College and until he has completed, subsequently, a course at the Indian Military Academy, Royal Air Force College, Cranwell, or for admission to the Royal Indian Navy.

No. 491-D/34, dated 18th July 1934, published on page 378 of Part I B of the *Fort St. George Gazette*, dated the 24th July 1934, and with reference to the syllabus in Typewriting—Higher Grade (Oral and Practical portion only), the following list of duplicating machines that have been approved for use in connexion with the Government Technical Examinations is published for the general information of the heads of commercial institutions in the Presidency and in the Indian States and of the candidates offering themselves for the examinations:—

1 Multer, hand feed.
2 E.R.R. No. 14, hand feed (Old E.R.R. No. 11).
3 Remeo No. 2, hand feed,
4 Remeo No. 300, self-feeding.

11 Remeo No. 16, self-feeding.
12 Multi-print Rotary Duplicator.
13 Ellam's Duplicator B-19 Model.
14 Copygraph Duplicator.

15. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on them will be demanded of candidates with effect from the examination of January 1935. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

16. *Seats and accommodation for the candidates.*—(*a*) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose; provided they take care to see that by so doing they do not give room to the slightest disturbance being caused in the examination hall.

(*b*) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the left hand corner of their answer papers and the particular kind of typewriter they use at the right hand corner, typed before the question paper is given to them.

17. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

18. The candidates will, if necessary, be examined in *batches* but at least *every four* candidates for the Lower grade, at least *every two* candidates for the Higher grade, must have *one machine* among them.

19. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

20. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

21. If, however, a candidate reports to the Superintendent that his machine has gone out-of order, the Superintendent will intimate this to the Manager or Instructor if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the Manager or Instructor.

22. A similar concession will be allowed to the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

23. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.*

In the Mufassal.

24. Heads of Institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *four days* before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Typewriting (English) only.

25. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and no batch in which the candidates elect to appear) will be issued on Thursday, 27th April 1939, between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered

their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on the day and time specified above with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

26. Candidates that have each a separate working and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

27. Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

28. Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, 27th April 1939, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mofussil.

Attention is particularly drawn to the following rules:—

29. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

30. No candidate suffering from any contagious disease will be admitted to the examination hall.

31. With a view to prove their identity to the Chief Superintendent of the examination, candidates required to produce, on the first day of their appearance in the examination, an identification certificate from a responsible person, preferably a Government official. Candidates appearing from recognized or approved schools should also obtain a similar certificate from the Head of the institution concerned.

The following form of identification certificate is prescribed:—

1 This is to certify that the bearer..... is known to me and that he is a bona fide candidate appearing for the Government Technical Examinations in..... (subjects with grades have to be specified).

2 The signature of the candidate affixed below was taken in my presence.

Signature of the candidate.

Date.

Signature with designation or address.....

Date.....

32. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

33. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures as ruling lines will, however, be allowed.

34. Strict silence should be maintained in the examination hall.

35. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half-hour will not be admitted.

36. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

37. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

38. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

39. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

40. No candidate will be allowed to exceed the time assigned to each paper.

41. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has given up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

42. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

IN N.—(1) Candidates are *strictly forbidden* to write or type their names in Roman figures.

(2) Candidates should distinctly understand that failure to furnish even one out of their particulars may involve the rejection of valuable [illegible] papers—particularly any answer paper [illegible] (3) candidate's register number and name of centre will not be entered.]

43. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

44. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

45. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractices of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

46. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

47. No information can be furnished in regard to the results of a candidate to any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of

failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

Such reports should be signed both by the heads of schools and by the managers of the boarding homes concerned.

12. A boarding grant held in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

15. When the names of the boarding grant holders are struck off the rolls of the schools in which they are studying the heads of the schools concerned should make a report to the Commissioner of Labour immediately. Similar report should be made by the managers of the boarding homes also when the boarding grant holders are away from the boarding homes for periods in excess of those permissible under the rules or leave the boarding homes.

16. The boarding grant sanctioned may, on the pupil's promotion to the next higher class, be renewed provided the pupil's progress and conduct have been satisfactory. Applications for renewal of boarding grants should be submitted in the prescribed form.

WORKING CLASS COST OF LIVING INDEX NUMBERS FOR MADRAS CITY

A Description of the scope and method of compilation

The report on the enquiry into the family budgets of industrial workers in Madras city conducted during 1935-36 forms the basis for the construction of the cost of living index. The index numbers are computed on lines similar to the Bombay cost of living index which in its turn is modelled on the index published periodically by the British Ministry of Labour. Weights have been assigned to all the items included in the index in proportion to their relative importance in an average Madras worker's family budget on the basis of the data available in the report referred to above. The list of commodities included in the index has been made as comprehensive as possible

Collection of Prices.

The price data for almost all the commodities comprising the food group, for all the articles included in the fuel and lighting group and for books and chewing tobacco which come under the miscellaneous group are collected by an investigating clerk twice a week from selected retail shops in five representative market centres in the city. The prices of all the clothing articles are obtained from a representative retailer. Quotations of prices of meat and fish are taken from the reports published every week in the local press by the Superintendent of the Madras Moore Market.

Base Period.

The average of prices for the twelve months from July 1935 to June 1936 has been taken as base or 100 in the calculation of the index.

Items included

The items included in the index have been divided into five main groups, viz., food, fuel and lighting, clothing, rent and miscellaneous.

Food.

The food group includes the following thirty-one items: Rice (boiled), ragi, dhall, pointless onions, brinjals, beans, ladies' finger, elephant yam, pumpkin, radish, drumstark green leafy vegetables, fish, meat (mutton), cocoanut, milk, salt, chillies (dried), tamarind, turmeric (haldhen), coriander seeds, mustard, garlic, cocoanut oil, gingelly oil, ghee, sugar, jaggery, coffee (second sort, flat) and tea (dust).

Fuel and Lighting

This group includes charcoal, firewood, kerosene oil and matches.

Clothing.

The principal articles of clothing used by male workers in Madras consist of a dhoti, a shirt and a towel which is used as an upper cloth. Women workers dress themselves in a saree and a petticoat. It is difficult to include articles like shirts and petticoats for which comparative price quotations cannot be obtained and hence only such articles as do not involve tailoring charges, e.g., shirting instead of shirts and petticoat cloth instead of petticoats have been included in the index.

House rent

The house rent figure adopted for the index is the average rent per tenement obtained as a result of the 1935-36 family budget enquiry.

MISCELLANEOUS.

The following nine items have been included in this group:—

(1) Passport.
(2) Education.
(3) Dhobi and soap (washing).
(4) Shaving.
(5) Travelling to and from place of work.
(6) Amusements.
(7) Medicine and medical charges.
(8) Tobacco for chewing
(9) Beedies.

It is difficult to get comparable price quotations from time to time for the first seven of the above nine items. The average monthly expenditure per family on each of these items has therefore been assumed to be the same as that revealed in the 1935-36 family budget enquiry. Prices are, however, being recorded for the last two items, viz., chewing tobacco and beedies.

METHOD OF COMPUTATION.

For each item the average of the prices collected twice weekly during a calendar month is expressed as a percentage of the corresponding price in the base year. The percentages so calculated are multiplied by weights which show the relative importance of each of the items in the group. The weights are arrived at by equating the expenditure on the items included in each group to 100 and working out the percentages of the expenditure on each several items. The group index numbers are derived by dividing the sum of the products of the price relatives and the corresponding weights by 100. For arriving at the final index number of the composite index number as it is also termed the group index numbers are weighed on a percentage basis in proportion to the total expenditure pertaining to each group and the sum of the products is divided by 100.

The weights for the groups and for the several items in each group have been shown in the statement annexed

The index number for the clothing and housing groups remains unchanged at 108 and 100 respectively.

The index number for the miscellaneous group rose by two points to 108 on account of a sharp increase in the price of chewing tobacco.

Report of the Select Committee on Indian Succession (Amendment) Bill (Council of State Bill No. 1 of 1939) 321

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to amend the Indian Succession Act, 1925, as respects intestate succession among Parsis was presented to the Council of State on the 13th March 1939:—

We, the undersigned, members of the Select Committee to which the Bill to amend the Indian Succession Act, 1925, as respects intestate succession among Parsis was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

1. Papers Nos. I to III on the list of Mr. Pithawa Seshna's Electoral Indian Succession Act (Amendment) Bill.

2. Statement showing the existing law on the subject, the proposed amendments and the draft suggested by the Bombay Bar Association.

2. We have recast the Bill referred to us without making any substantial departure from the principles contained therein, but in the interests of greater precision, to follow more closely the form of the existing Chapter of the Act.

Our *proposed section 50* takes in what we think necessary of proposed section 50 of the Bill and also the substance of the Bill's section 51 (*a*) and section 52 (*a*). Any definition of "relative" is regarded as unnecessary and will cause difficulties.

Our *proposed section 51* redrafts section 51 of the Bill on lines nearer to the form of sections 50 and 52 of the Act. In response to the wishes of the community we have reduced by half the shares proposed for the father and mother.

Our *proposed section 52* treats section 52 of the Bill in similar manner.

Our *proposed section 53* is a redraft without change of substance of section 53 contained in the Bill and our proposed section 54 redrafts section 54 of the Bill likewise.

A proposal was made to us to include in this Chapter of the Act a provision on the lines of section 33-A, but, as we understand that this proposal has not found general favour with the community, we have made no such insertion. We are, however, of the opinion that some such provision would be desirable, the figure being varied if necessary to meet the needs of the community.

In Schedule II to the Act the only amendment, apart from the consequential re-numbering of the section references, which we think necessary, is the inclusion of the reference to "Father and mother" at the head of Part I.

3. The Bill was published in the *Gazette of India*, dated the 25th February 1939.

4. We think that the Bill has not been so altered as to require republication, and we recommend that it be passed as now amended.

WHEREAS it is expedient to amend the law relating to intestate succession among Parsis;

It is hereby enacted as follows:—

* * * * *

Short title and commencement.

1. (1) This Act may be called the Indian Succession (Amendment) Act, 1939.

(2) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint.

Substitution of new sections for sections 50 to 56 of Act XXXIX of 1925.

2. For sections 50 to 56 (both inclusive) **** of the Indian Succession Act, 1925, the following sections shall be substituted, namely:—

General principles relating to intestate succession.

"50. For the purpose of intestate succession among Parsis—

(*a*) there is no distinction between those who were actually born in the lifetime of a person deceased and those who at the date of his death were only conceived in the womb, but who have been subsequently born alive;

(b) a lineal descendant of an intestate who has died in the lifetime of the intestate without leaving a widow or widower if any lineal descendant or a widow of any lineal descendant shall not be taken into account in determining the manner in which the property of which the intestate has died intestate shall be divided, and

(c) where a widow of any relative of an intestate has married again in the lifetime of the intestate, she shall not be entitled to receive any share of the property of which the intestate has died intestate, and she shall be deemed not to be existing at the intestate's death.

Division of a male intestate's property among his widow, children and parents.

51. (1) Subject to the provisions of sub-section (2), the property of which a male Parsi dies intestate shall be divided—

(a) where he dies leaving a widow and children, among the widow and children, so that the share of each son and of the widow shall be double the share of each daughter, or

(b) where he dies leaving children but no widow, among the children, so that the share of each son shall be double the share of each daughter.

(2) Where a male Parsi dies leaving one or both parents in addition to children or a widow and children, the property of which he dies intestate shall be divided so that the father shall receive a share equal to half the share of a son and the mother shall receive a share equal to half the share of a daughter.

Division of female intestate's property among her widower and children.

52. The property of which a female Parsi dies intestate shall be divided—

(b) where she dies leaving children but no widower, among the children in equal shares.

Division of share of predeceased child of intestate leaving lineal descendants.

53. In all cases where a Parsi dies leaving any lineal descendant if any child of such intestate has died in the lifetime of the intestate, the division of the share of the property of which the intestate has died intestate which such child would have taken if living at the intestate's death shall be in accordance with the following rules namely:—

(a) If such deceased child was a son, his widow and children shall take shares in accordance with the provisions of this Chapter as if he had died immediately after the intestate's death.

(b) If such deceased child was a daughter, her share shall be divided equally among her children.

(c) If any child of such deceased child has also died during the lifetime of the intestate, the share which he or she would have taken if living at the intestate's death shall be divided in the manner in accordance with clause (a) or clause (b) as the case may be.

(d) Where a remoter lineal descendant of the intestate has died during the lifetime of the intestate, the provisions of clause (c) shall apply *mutatis mutandis* to the division of any share to which he or she would have been entitled if living at the intestate's death by reason of the predecease of all the intestate's lineal descendants directly between him or her and the intestate.

Division of property where intestate leaves no lineal descendant but leaves a widow or widower or a widow of any lineal descendant.

54. Where a Parsi dies without leaving any lineal descendant but leaving a widow or widower or a widow of a lineal descendant, the property of which the intestate dies intestate shall be divided in accordance with the following rules, namely:—

(a) If the intestate leaves a widow or widower but no widow of a lineal descendant, the widow or widower shall take half the said property.

(b) If the intestate leaves a widow or widower and also a widow of any lineal descendant, his widow or her widower shall receive one-third of the said property, and the widow of any lineal descendant shall receive another one-third, or if there is more than one such widow, the last mentioned one-third shall be divided equally among them.

(c) If the intestate leaves no widow or widower but one widow of a lineal descendant, she shall receive one-third of the said property or, if the intestate leaves no widow or widower but more than one widow of a lineal descendant, two-thirds of the said property shall be divided among such widows in equal shares.

(d) The residue after the division specified in clauses (a), (b) or (c) has been made shall be distributed among the relatives of the intestate in the order specified in Part I of Schedule II. The next-of-kin standing first in Part I of that Schedule shall be preferred to those standing second, the second to the third, and so on in succession, provided that the property shall be so distributed that each male shall take double the share of each female standing in the same degree of propinquity.

(e) If there are no relatives entitled to the residue under clause (d), the whole of the residue shall be distributed in proportion to the shares specified among the persons entitled to receive shares under this section.

Division of property where intestate leaves neither lineal descendants nor a widow or widower nor a widow of any lineal descendant.

55 When a Parsi dies leaving neither lineal descendants nor a widow or widower nor a widow of any lineal descendant, his or her next-of-kin, in the order set forth in Part II of Schedule II, shall be entitled to succeed to the whole of the property of which he or she dies intestate. The next-of-kin standing first in Part II of that Schedule shall be preferred to those standing second, the second to the third, and so on in succession, provided that the property shall be so distributed that each male shall take double the share of each female standing in the same degree of propinquity.

Division of property where there is no relative entitled to succeed under the other provisions of this Chapter.

56 Where there is no relative entitled to succeed under the other provisions of this Chapter to the property of which a Parsi has died intestate, the said property shall be divided equally among those of the intestate's relatives who are in the nearest degree of kindred to him."

Amendment of Schedule II to Act XXXIX of 1925.

STATEMENT OF OBJECTS AND REASONS.

Certain village officers governed by the Madras Proprietary Estates' Village service Act, 1894 (Madras Act II of 1894), and the Madras Hereditary Village Offices Act, 1895 (Madras Act

III of 1895), lost their offices by reason of their association or connexion with the Non-Co-operation and the Civil Disobedience movements. For the same reason, certain registered heirs of village officers also lost their right to be appointed to the offices. It is the policy of the Government to restore all such officers and recognize the claims of all such heirs, and since March 1938 the Government have from time to time been issuing orders accordingly. Where the original officers or heirs have died or are not now qualified for appointment, the Government have appointed or registered such persons as would have been entitled to be appointed or registered in the ordinary course of events, if the offices had not been originally forfeited. The cases of some village officers are still under the consideration of the Government and orders in regard to them are expected to be issued shortly.

Doubts have been raised as to the validity of the orders passed by the Government, as the Acts governing the village officers, viz., Madras Acts II of 1894 and III of 1895, do not contain any specific provision in regard to the matter. The object of this Bill is to remove such doubts and thereby avoid contests and wasteful litigation, by expressly validating all orders which have been already passed or which may hereafter be passed on the subject by the Government or on their direction.

T. PRAKASAM.

(By order of His Excellency the Governor)

Secretary to Government, Legal Department.

Provided that no one shall be transferred under this sub-section without the consent of the Provincial Government of the part of British India concerned.

(3) The Provincial Government may consent to the transfer to a certified school under this Act, of a child, young person or youthful offender detained in any certified school, reformatory school, or other school of a like nature in any other part of British India, and upon such transfer the provisions of this Act shall apply to such child, young person or youthful offender as if he had been originally ordered to be sent to a certified school under this Act."

STATEMENT OF OBJECTS AND REASONS.

Under section 33 (1) of the Madras Children Act, 1920 (Madras Act IV of 1920), the power to release on license a youthful offender or child detained in a certified school, to enable him to live with a trustworthy and respectable person who is willing to receive and take charge of him, is vested in

the managers of the school. The managers have to obtain the consent of the Chief Inspector of Certified Schools in cases where eighteen months have not expired since the detention commenced. Cases have occurred in which, owing to the delay in passing orders as to their release, suitable appointments secured for pupils have been filled up otherwise. It is therefore proposed to amend section 33 (1), giving power to the Chief Inspector himself to order the release of a youthful offender or child on licence, in urgent cases—See clause 2 of the Bill.

2. Clauses (a) to (d) of section 35 (2) of the Act enable the Government in certain cases to transfer a youthful offender or child from one certified school or class of certified school to another certified school or class of certified school. It is considered that to avoid delay, provision may be made for delegating the power to the Chief Inspector himself subject to his furnishing the Government in each case of transfer with full information as regards the age of the youthful offender or child transferred, the language spoken by him and such other particulars regarding him as may be prescribed—see clause 3 of the Bill.

3. Occasionally children who belong to this Province are sent to certified schools or similar institutions by courts in other Provinces, and similarly children who belong to other Provinces are sent to certified schools by courts in this Province. Section 15 of the Reformatory Schools Act, 1897 (VIII of 1897), makes provision for the transfer of 'youthful offenders' as defined in that Act to schools situated in the Provinces to which they belong, by mutual arrangement with the Provinces in which the detention in the reformatory schools was ordered. A provision on the lines of section 15 of the Reformatory Schools Act has therefore been included in the Bill—see new section 35 A (1) inserted by clause 4 of the Bill. Provisions based on section 33 A of the Bombay Children Act, 1924 (Bombay Act XIII of 1924), have also been included in new section 35-A for ordering or accepting transfers to or from other Provinces in individual cases.
